

You're an IT pro looking for something new? A new position where you are truly appreciated in an interesting working environment? Then we should get to know each other. The heart of our company is our digital media library, the Media Box, which well-known companies from the tourism, mobility, health and fitness sectors use as a service for their customers. Be part of our exciting journey to revolutionize the digital reading experience!

Developer (m/f/d)

These tasks await you...

- State of the art software architecture and development in this environment
- Monitoring and optimization of source code management and deployment processes
- Further development of the development processes
- Frontend and Backend development tasks
- Managing technical challenges
- You will be the technical contact for our team

For this position we are looking for a person who...

- successfully completed a technical degree (computer science, software engineering or similar) or comparable professional training
- focus on both frontend development with Angular (TypeScript) and backend development with .Net (C#)
- has very good development skills in the following areas: .Net (Core), MySQL, MS SQL Server, Angular, GitHub, Azure DevOps, Docker
- has solid experience with DI, ORM (EntityFramework), Mapping, Logging
- can refer to experience with MS Azure and AWS Cloud Services
- has knowledge of SOLID, Clean Code, Clean Architecture, 12factors
- has experience in the provision of data in service-oriented architectures (APIs)
- takes over tasks in planning, conception, further development, support & troubleshooting of the application and evaluation of new technologies
- can refer to experience in agile software development, CI/CD and in using tools such as Jira and Confluence

This is what we offer you...

- an attractive salary package
- a working schedule that adapts to your life
- a team that listens to you with openness and interest
- a working environment characterized by appreciation and relaxed cooperation
- a wide range of development opportunities - together we will see where your journey takes you
- no fruit basket, but of course great coffee variations for free

Sounds good? Please apply here:
